

# Project Leadership, Management and Communications

*Professional Development Training from State of Montana IT PMO and ESI International*

This is an interactive course designed to provide a solid foundation in key leadership competencies and to afford you the opportunity for a truly transformational leadership experience. As a participant, you will complete a self-assessment of your leadership skills, then master the basics of these leadership competencies: setting direction, aligning people, motivating and inspiring, leading teams, communicating, building relationships, facilitating ethical conduct, negotiating and leading change.

Working with other professionals and an experienced instructor/facilitator in an interactive classroom environment, you'll engage in revealing case studies, lively discussion and practical exercises.

Project managers and business professionals who need to increase their leadership skills will find this course to be extremely valuable as they master important skills to get the most from their most valuable project management resource—their people!
